This webinar

- On the role that gender plays in labour market dynamics
- 20-minute presentation and a 10-minute Q&A session for each paper
- Please do not hesitate to raise questions, also in the chat at the end of the presentations

The COST Action on Parental Leave

- CA21150 - Parental Leave Policies and Social Sustainability (Sustainability@Leave)
- Aims to advance and disseminate research and knowledge about the significance of paid parental leave (PPL) for the social sustainability of societies
- The main challenges are to build the network, identify and fill gaps in PPL research, develop a future-oriented and cross-disciplinary PPL terminology, and facilitate future research by closing the PPL data gap
- More information [here](#)

WeLaR is Horizon Europe research project examining the impact of digitalisation, globalisation, climate change and demographic shifts on labour markets and welfare states in Europe. It aims to improve the understanding of the individual and combined effects of these trends and to develop policy proposals fostering economic growth that is distributed fairly across society and generates opportunities for all.
